

INTELLIGENT SYSTEMS AND ROBOTICS SEMINAR

Intelligent Systems & Robotics Seminar Program Schedule

Tuesday, June 11, 2019

8:00 AM – 5:00 PM

**Best Western Premier Calgary Plaza Hotel
& Conference Centre**

1316 - 33rd St NE

Calgary, AB T2A 6B6

Sponsored by

ACAMP welcomes you to the one-day seminar on Intelligent Systems & Robotics.

In 2016, ACAMP founded the AST Consortium for Advanced Autonomous Systems to foster innovation and collaboration between businesses, government and large multi-national corporations.

During the seminar, Industry experts from leading edge technology companies will be touching on:

- Ground Applications
- Air Applications
- Emerging Technologies
- Advanced Systems and Artificial Intelligence

Thank you for joining us!

Session	Time	Name	Company	Title	Presentation
Registration and Refreshments	7:30 - 8:15 AM				
Welcome and Introduction	8:15	Ken Brizel	ACAMP	CEO	
Ground Applications	8:45	Siamak Aakhlaghi	ACAMP	Director, Business Strategy	Introduction to Ground Applications
	8:50	Jason Sichkaryk	Rosenau Transportation	IT Director	Automated Logistics
	9:10	Sandy Kennedy	Hexagon PI (NovAtel)	Vice President of Innovation	Autonomy and Positioning – Assured
	9:30	Owen Kinch	DOT	Director	Autonomous Solutions for Farming Industry
	9:50	Chris Harvell	Stewart & Stevenson Industrial Technologies	VP, Product Innovation and CTO	The Drive to Deliver Intelligent Automation in Well Stimulation Operations
Networking Break	10:10 – 10:30 AM				
Introduction to Keynote Speaker	10:30	Ken Brizel	ACAMP	CEO	
Keynote	10:35	Chris Hartshorn	A Vision of the Future for Intelligent Systems		
Air Applications	11:05	Ryan Hutchinson	ACAMP	Manager, Business Dev.	Introduction to Air Applications
	11:10	Geoff Herdman	Edmonton International Airport	Director, Real Estate & Investment Attraction	Airport as Living Lab
	11:30	John Molberg	Canadian UAVs	Vice President	Radar for UAVs
	11:50	Cole Rosentreter	Pegasus Imagery	Founder & CEO	Intelligence for Opportunities
	12:10	Lindsay Mohr	AirMarket	CEO & Founder	UAV Traffic Management System
Catered Lunch	12:30 – 1:25 PM				
Emerging Technologies	1:25	Neil Goud	ACAMP	Director, Business Dev.	Introduction to Emerging Technologies
	1:30	Joseph Hlady	Lux Modus	President	Pipeline Digital Twin
	1:50	Don Thompson	TakeMeTuit	President	Indoor Positioning System
	2:10	Rene Van Bommel	Wolfe Heavy Equipment	General Manager	Intelligent Micro Trenching Project
	2:30	Garry Thuna	Visual Inspection Services	President	Advanced Pipeline Inspection
Networking Break	2:50 – 3:25 PM				
Advanced Systems and Artificial Intelligence	3:25	Roberto Bruno	ACAMP	Manager, Business Dev.	Introduction to Advance Systems and Artificial Intelligence
	3:30	Warren Sheydwasser	Soltare Inc.	Founder & President	Emergency Vehicle Detection
	3:50	Barry Windsor	Raytheon Canada Limited	Manager, Industrial and Technological Benefits	Cybersecurity, AI and Leveraging the ITB Program
	4:10	Laryssa Parker	Siemens Mobility ITS	VP, Head of ITS Digital Lab Americas	ITS Digital Lab
	4:30	Eyad Alnuweiri	Kanoq Industries Inc.	Co-founder & CEO	Cybersecurity in Autonomous & Industrial Systems
Closing Remarks	4:50	Ken Brizel	ACAMP	CEO	

To ensure that you continue to receive seminar updates, please provide consent to receive mailings from ACAMP.

You can do this here at the reception desk or by responding to one of ACAMP's announcements that contain a consent link. You can withdraw consent at any time.
